

100% Original. Authentic. Bona fide. Genuine.

Remanufactured transmissions recommended by Massey Ferguson.
What more can we say?

The logo for AGRI TRANSMISSIONS features a red curved line above the word 'AGRI' in a bold, black, sans-serif font. Below 'AGRI' is the word 'TRANSMISSIONS' in a smaller, red, sans-serif font.

Over 140 years experience in transmissions.

Your customers demand the very highest standards. That's why they choose Massey Ferguson.

So when your customer needs a replacement gearbox, each part should fully match the original Massey Ferguson for quality, reliability and performance. That's when you need Agri Transmissions Ltd.

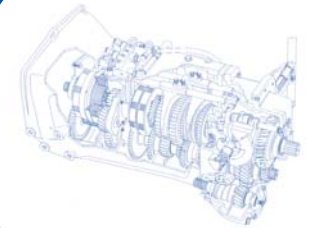

Formed from the previous AGCO Manufacturing facility in the UK, we use Massey Ferguson equipment and manufacturing methods to produce remanufactured gearboxes that are as close to original standards as it's possible to achieve.

Agri Transmissions Ltd can offer a combined total of over 140 years' experience in the manufacturing of gearboxes and drive lines for Massey Ferguson tractors. So we know exactly what your customers demand and exactly what Massey Ferguson themselves would provide in response.

As a result, we are fully recommended by Massey Ferguson in the remanufacture of gearboxes and drive lines.

In fact, we can offer a whole range of reasons why Agri remanufactured transmissions are as good as original parts:

- We produce remanufactured gearboxes to exactly the same standards as the original unit
- We supply subassemblies to the highest possible standards
- Our quality controls and standards are exactly the same as for the original components
- We use only genuine parts with a full manufacturer's warranty
- We use the same type of equipment and identical manufacturing methods that were used in the factory
- We support our products with a full 12 month's warranty
- We fully test all of our transmissions both mechanically and hydraulically, to the same standards as the original equipment.

Our transmissions are distributed by AGCO Parts worldwide, providing a level of continuous quality and dedication that no other company in the world can offer.

For more information about Agri Transmissions Ltd, either visit our website at www.agri-transmissions.com or call +44 (0)24 76 38 38 76

And make sure that you give your customers the highest quality remanufactured transmissions possible.
